

Statewide Transfer General Education Core (STGEC)

1. Established in 2012 as SEA 182
2. The STGEC is a collection of courses that are based upon a set of competencies in the areas of Foundational Intellectual Skills and Ways of Knowing. For additional information visit http://www.in.gov/che/files/STGEC_BW_Biinder_Final_5.19.15.pdf.
3. Must be at least 30 credit hours and reflected on the student's transcript.
4. A minimum cumulative GPA of 2.0 for the 30 hours is considered satisfactory completion.
5. Students may exceed 60 credit hours (for an associate degree) or 120 credit hours (for a baccalaureate degree) required for a specific degree program (i.e. engineering, nursing, etc.)
6. If any course within the STGEC is a requirement for a major or other degree objective at the receiving institution, and the student does not meet the grade requirement for that objective, then the receiving institution may require the student to repeat the course.
7. A student who satisfactorily completes the requirements of the STGEC in an Indiana state education institution and then transfers to another Indiana state educational institution will not be required to retake core courses as they transfer as a block.
8. ALL state educational institutions must accept the STGEC using the above guidelines.
9. Successful completion of the STGEC is not a guarantee of admission to a particular state educational institution or educational program within that state educational institution.
10. If a student transfers before completing the STGEC, coursework will be articulated on a course-by-course basis by the institution to which they are transferring.
11. You can find a list of courses that meet the STGEC at state educational institutions at <http://www.in.gov/che/3138.htm> or on the back of this sheet.
12. Contact Academic Affairs at Academics@che.in.gov if you have questions or need additional assistance.
